Is the organization Local, County or National? Does it service only Combs, or Combs and other adjoining parishes?

Comments:

Is the request merely for donations to its general funds, or is there a specific project in mind that would clearly be of benefit to the residents of Combs?

Comments:

Has the organization been known to have benefited any Combs residents in the past or likely to benefit them in the future? Is such benefit widespread in Combs, or only on very rare occasions and to very few people?

Comments:

Is the organization well run financially (as far as can be ascertained) or is the request for donations known or suspected to be a shortfall rescue attempt?

Comments:

How well is the organization presently funded, is this request just part of a regular annual campaign?

Comments:

When did this organization last request a donation? Was a donation made at this time? If not why not? Have there been any changes over this period?

Comments:

Is there another organization which does a similar job without recourse to this kind of funding or is there one to which we should belong and pay a verifiable subscription?

Comments:

Will this donation aid or affiliate to any political party or agenda?

Comments:

Would this donation be used for any profit-making commerce, private enterprise etc.?

Comments:

What are the tangible and sustainable benefits to Combs and its residents over the short and long term?
